Ultrasonics 2025

On behalf of the Organizing Committee, we are delighted to welcome you to Caparica (Lisbon, Portugal), for the 7th International conference on ultrasonic-based applications: from analysis to synthesis —ULTRASONICS 2025

The primary objective of this meeting is to bring together researchers involved in Ultrasounds. With the dynamic interaction expected during the talks, coffee breaks and plenary sessions, young researches will have the unique chance to share their experiences as well as improve their skills.

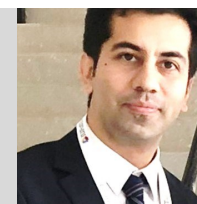

We are confident that you will appreciate the breadth and quality of the scientific program and the city of Caparica, and look forward to seeing you in 2025 in Portugal.

To see more about Caparica, please follow this link: https://www.youtube.com/watch?v=M2_iiHNOjJg

Plenary & Keynote Speakers

PL. Brijesh Tiwari
Teagasc Food Research Centre,
(Ireland)

KN. Mohsen Gavahian
National Pingtung University of
Science and Technology (Taiwan)

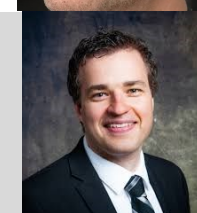

PL. Gail ter Haar
The Institute of Cancer Research
(UK)

KN. Rodrigo Costa-Félix
INMetro (Brazil)

PL. Timothy Mason
Coventry University (UK)

KN. Jan Kubanek
University of Utah (USA)

PL. Andreas Herrmann
RWTH Aachen University (Germany)

**We look forward
to your
participation!**

Conference Topics

- Ultrasound in Analytical Chemistry and Food Chemistry.
- Ultrasound in Organic and Inorganic Synthesis.
- Ultrasound in Synthesis of New Materials: Studies and Applications.
- Ultrasound in Biomedicine and Biochemical applications.
- Ultrasound and Physics and Physics Applications.
