RE: (Ultrasonic Treatment Effects on CuS1.8 - CdSe Structures)

Dear Dr. Oleg Oleg:

On behalf of the 2017 U.S. II-VI Workshop Program Committee, we are pleased to inform you that your paper has been accepted for a poster presentation at the 2017 U.S. Workshop on the Physics and Chemistry of II-VI Materials (a.k.a. U.S. II-VI Workshop) at the Embassy Suites Chicago Downtown - Lakefront on October 31 - November 2, 2017. Your paper has been scheduled for the following session:

Poster Session (Paper No. P.2)

Room: Chicago Ballroom

The Poster Session will take place on Tuesday, October, 31, 2017. The session will begin at 6pm, and continue through the Tuesday evening Reception, which is from 6:00 - 7:30pm. The poster boards will be set up inside the Chicago Ballroom and the reception will be located in the Ballroom Foyer. You may begin to set up your poster after lunch on Tuesday. Please refer to the website (www.ii-viworkshop.org) for further instructions regarding the formatting of your poster presentation.

If you are a co-author, please alert your colleagues to this letter, and pass along the enclosed materials to the person who will be writing the papers.

We also request that you respond to this letter of acceptance by email to Samantha Tola (stola@pcm411.com), confirming that you have received this letter of acceptance and confirming that you will be attending the 2017 Workshop and are planning to present this paper.

Four-page Extended Abstracts of all papers will be published in the Book of Extended Abstracts, which will be distributed at the Workshop. Please include your telephone, fax, and e-mail address in the author's byline. To help you with the preparation of your extended abstract, a list of instructions are posted on the conference website (www.ii-viworkshop.org). In order to ensure that your abstract will appear as you intend it is strongly advised that abstracts be submitted as a .pdf file. If you are unable to submit as a .pdf file, an MS Word file will also be acceptable. Your Extended Abstract should be submitted online at the link at the bottom of this email. If your link is not working or you misplace it, please email Samantha Tola (stola@pcm411.com) and she will resend you the link. Please insert the above referenced paper number on the title of your document (i.e. II-VI paper Session1Paper1.pdf) when submitting your extended abstract.

YOUR FOUR-PAGE EXTENDED ABSTRACT, INCLUDING ALL ILLUSTRATIONS, MUST BE RECEIVED BY AUGUST 25, 2017.

The Journal of Electronic Materials (JEM) will publish the 2017 U.S. II-VI workshop papers in its special issue of the peer-reviewed workshop proceedings (usually around August of the following year). All authors of the invited contributed and poster presentations will be asked to submit their manuscripts to the workshop proceedings for peer review online using the link provided by JEM. Each submitted paper will go through a formal review process. All reviews will occur online in a secure environment. Letters and comments concerning the papers will be transmitted via email to the corresponding author. The details of the paper submission process and the dates for submission will be emailed separately.

Please visit our website (www.ii-viworkshop.org) for more information on the venue, hotel reservations, invited speakers and workshop particulars.

On behalf of the Program Committee, we congratulate you upon the acceptance of your paper for poster presentation. We hope you will find participation in the Workshop a rewarding experience.
