

6 January 2025

Prof. Oleg Olikh,
Department of General Physics,
Taras Shevchenko National University of Kyiv,
Kyiv,
Ukraine.

Letter of Invitation

Dear Prof. Olikh,

We are pleased to extend this invite to you to present your work at the 11th International Workshop on Semiconductor Oxides (IWSO-11), to be held in Tempe, AZ, USA, March 2-6, 2025 (<https://semte.engineering.asu.edu/semiconductor-workshop/>).

The Organizing Committee of IWSO-11 has reduced registration fees and provide special rates for accommodation during your stay to support your participation in this Conference.

Your participation as an expert in the field of semiconductor oxides with the presentation of your work will contribute greatly to the scientific discussions and will promote the exchange of innovative ideas among the many researchers and technologists present at IWSO-11.

We are looking forward to seeing you in Tempe!

With best wishes,

A handwritten signature in blue ink that reads 'Farida Selim'.
