About Ultrasonics 2021

On behalf of the Organizing Committee, we are delighted to welcome you to Caparica (Lisbon, Portugal), for the 5th International conference on ultrasonic-based applications: from analysis to synthesis —ULTRASONICS 2021.

The primary objective of this meeting is to bring together researchers involved in Ultrasounds. With the dynamic interaction expected during the talks, coffee breaks and plenary sessions, young researches will have the unique chance to share their experiences as well as improve their skills.

We are confident that you will appreciate the breadth and quality of the scientific program and the city of Caparica, and look forward to seeing you in 2021 in Portugal.
